

**T**erri Opp was a vibrant, active young woman who wanted to make a difference in life. She died in June of 1996, at the age of twenty-six, while waiting for a heart transplant. The Terri Opp Memorial Golf Tournament was created in Terri's memory to raise awareness about the difference we all can make by sharing the gift of life through organ and tissue donation. The tournament has been organized and conducted by a group of volunteers made up of her family, friends, and members of the community who all share Terri's

commitment to raising awareness about this important issue. LifeSource is proud to partner with this tournament as we celebrate its 15th anniversary. You can help us make a difference. Terri believed it, and so do we: Life Is a Gift to Share!

## ABOUT LIFESOURCE

On Thursday, September 16, LifeSource and the Terri Opp Memorial Committee will conduct the 15th Annual Golf Memorial at Tartan Park in Lake Elmo, Minnesota. All proceeds from the tournament go to LifeSource, a not-for-profit organization dedicated to saving lives through organ and tissue donation in the upper Midwest.

Additionally, LifeSource promotes awareness of the critical need for organ and tissue donation through a variety of activities, including a volunteer speakers' bureau, public education activities, high school

programs, seminars, special initiatives, and community events. The funds raised at the LifeSource Terri Opp Memorial Golf Tournament help support these important activities.
